Iowa Department of Natural Resources Shooting Sports Program

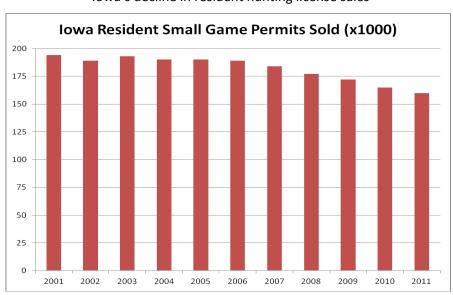

2011 Annual Report & Five Year Recap

Compiled by Ben Berka, Shooting Sports Coordinator

About the Shooting Sports Program

The lowa DNR Shooting Sports program was established by the department in October, 2006. The shooting sports program promotes target shooting programs and shooting ranges as a way to recruit and retain target shooters and hunters in the state of lowa. Target shooting supports conservation efforts directly through excise tax generated via the Pittman Robertson act and indirectly by establishing relationships between sports men and women and the non-shooting general public.

Iowa's decline in resident hunting license sales

Since 2006, the program has maintained three primary focus areas:

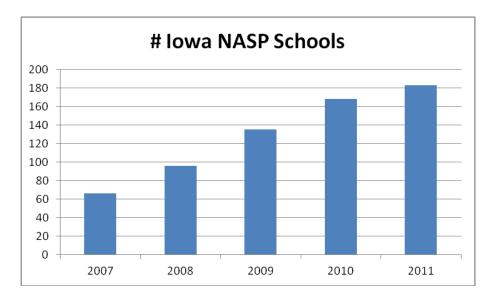

- 1. The National Archery in the Schools Program (NASP)
- 2. The Iowa High School and Scholastic Clay Target Program (SCTP)
- 3. The DNR Shooting Range Program

The program is organized between the Law Enforcement and Wildlife bureaus of the DNR. Departmental staffing for the program is provided by one full-time Shooting Sports Coordinator, seven seasonal (780 hours per fiscal year) Shooting Range Safety Officers (RSOs) with state tournament event support from Law Enforcement and Wildlife Bureau field staff. Extensive non-departmental support for the program comes from school teachers and volunteers at the local level. The program has an annual operating budget of around \$200,000 per fiscal year.

In October 2011, the Department hired a shared Shooting Sports Outreach Coordinator position shared with Iowa State University (4H Shooting Sports) to assist with existing programs and extend the reach of the programs to the general public.

National Archery in the Schools Program (NASP)

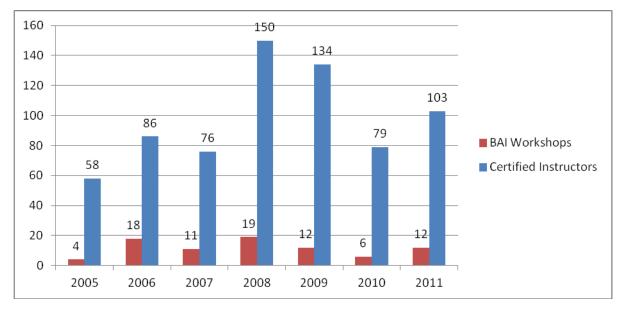

The National Archery in the Schools Program promotes **international-style target archery** as part of the **in-school curriculum**, to improve educational performance and participation in the shooting sports among students in grades 4-12. NASP is currently installed in 46 states and in over 10,000 schools nation-wide. The Shooting Sports Coordinator serves as Iowa State Coordinator for the NASP program and is responsible for all aspects of the program in the state. This role will be shared with the DNR/4H Shooting Sports Outreach Coordinator in the future. The program reaches well over 20,000 lowa youth each year as part of the regular school day.

Teacher Training: The foundation of the NASP program lies in its standardized Basic Archery Instructor (BAI) training workshop conducted primarily by the Shooting Sports Coordinator and the Shooting Sports Outreach Coordinator with occasional assistance from select county conservation board staff. In the BAI workshop, teachers and volunteers are taught how to run a NASP program in-school ((typically for 2 weeks (10 hours) as part of the physical education curriculum)). Many community parents and volunteers also attend this training to start or assist with a club-based NASP program.

Since 2005, 686 NASP Basic Archery Instructors have been trained in Iowa.

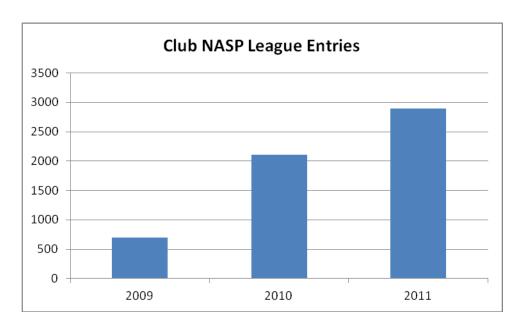

NASP Equipment: The National Archery in the Schools Program uses standardized equipment. Equipment may be purchased direct by schools or schools may apply for equipment grants through the Iowa Archery in the Schools Foundation. Equipment may also be checked out by schools through the department for use in the in-school curriculum. .

Information on NASP equipment can be found at:

http://www.iowadnr.gov/idnr/Recreation/ShootingSports/ArcheryintheSchoolsNASP/CoachProgramResources.aspx

NASP Club Programs: Schools conducting NASP archery as part of the in-school curriculum are eligible to participate in the Iowa NASP League and State Championship events which is coordinated by the Department. The league promotes face-to-face archery matches organized and conducted at the local level with registration and league administration handled by the Department. League events themselves are organized and conducted by NASP volunteers. The league runs from mid December through the end of February. The last weekend in February each year is the Iowa NASP State Championships.

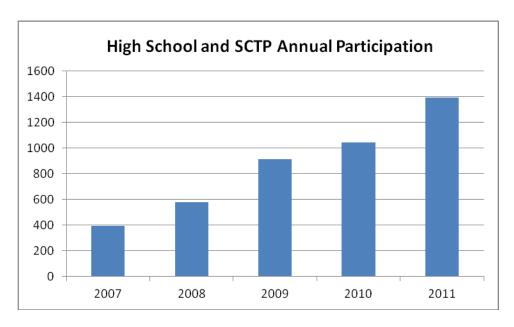

Iowa High School and Scholastic Clay Target Program (SCTP)

The lowa High School and Scholastic Clay Target Program is a youth development program promoting participation in the organized clay target shooting sports for elementary through colligate age groups. Volunteer coaches and school teachers lead local area programs much like other, traditional youth sports. Local teams may participate in local, regional, state and/or national level matches for trap, skeet and/or sporting clays. The Shooting Sports Coordinator serves as state advisor with SCTP National and is responsible for all aspects of the program in the state of lowa. The SCTP has experienced steady growth since the department's involvement in 2007 with nearly 1400 lowa youth participating in 2011.

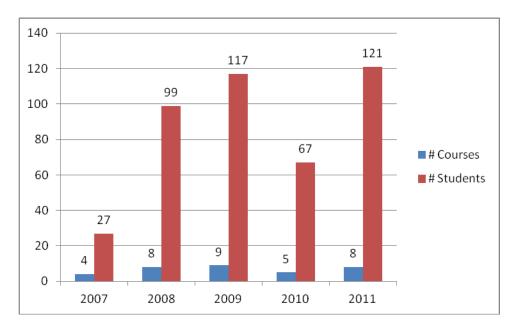

Program website:

http://www.iowadnr.gov/idnr/Recreation/ShootingSports/ClayTargetProgramSCTP.aspx

Coach Certification: Certified coaches are the backbone of the SCTP. Coaches participating in the program must complete a coach certification program. The Department has developed the lowa DNR Basic Shotgun Coach Certification Program which is a one-day, discipline specific (i.e. trap, skeet or sporting clays) coach training conducted by the Shooting Sports Coordinator. Through 2011, the Shooting Sports Coordinator has certified 431 coaches with the program through 2011.

Basic Shotgun Coach Certification Program Since 2007

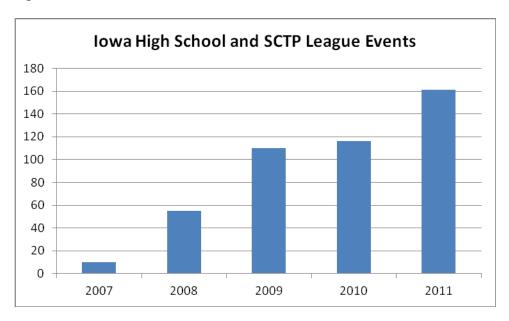

The Shooting Sports Coordinator is also a member of the NRA and USA Shooting National Coach Development Staff (NCDS) and offers the Level I Shotgun Coach program. In 2011, 31

NRA/USAS Level I coaches were certified by SCTP National Staff assisted by the Shooting Sports Coordinator.

Iowa High School and Scholastic Clay Target Program League

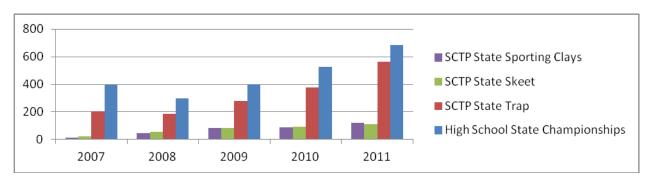

The Iowa High School and SCTP league is where the bulk of the program participation takes place and where future program capacity lies. The league capacity is limited only by the number of events volunteer coaches are willing to host and by available facilities. League events are organized and conducted entirely with volunteer efforts. The Department's role is in event advertizing and post-event results posting and tabulation. In 2011, there were 161 registered league events conducted in the state.

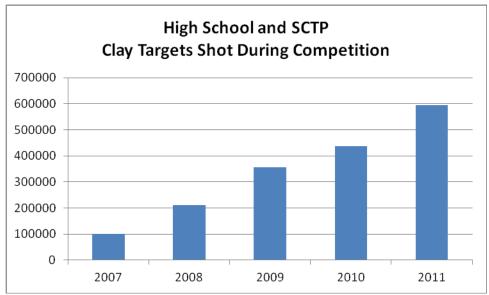

Iowa High School and Scholastic Clay Target Program State Championships

The Department is responsible for organizing the state championship events for the Iowa High School and Scholastic Clay Target Program. Four events are conducted each year in May and June (skeet, sporting clays, SCTP trap and High School Trap). Much like the rest of the program growth, the state championship events have grown. Skeet and trap events are currently near capacity given the current format of these shoots.

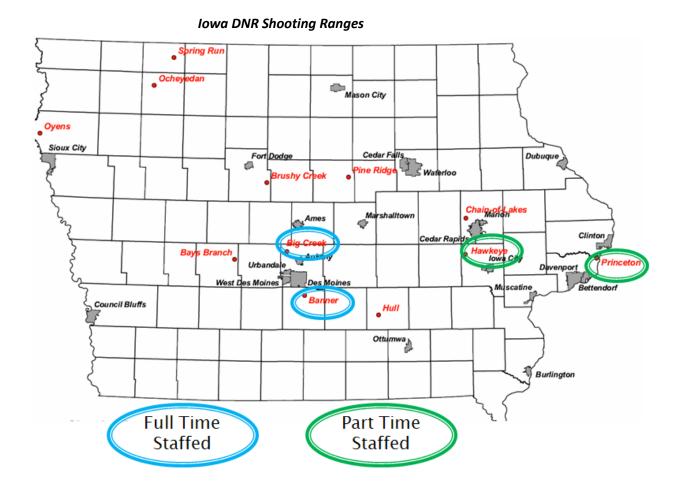

Iowa Shooting Range Program

The Iowa Shooting Range program provides 12 state facilities, general consulting to non-state shooting ranges and grant programs to support ranges and departmental programs.

Iowa Shooting Range Areas

The Iowa DNR currently has twelve shooting range areas across the state. These ranges typically reside on or near state wildlife areas or state parks. Of the twelve areas, two are fully staffed (Banner and Olofson) which are fee-based and two are partially staffed (Hawkeye and Princeton) during operating hours. The other 8 have no departmental supervision and are open from sunrise to sunset, 365 days per year. The ten partially staffed, or non-staffed ranges are open to the public for no charge.

Additional information on Iowa DNR Shooting Ranges can be found at: http://www.iowadnr.gov/idnr/Recreation/OtherActivities/IowaShootingRanges.aspx

Fully Staffed Ranges

Banner Shooting Range (Indianola), located north of Indianola is owned and operated by the department. The range is managed by the Shooting Sports Coordinator and operated by five departmental Range Safety Officers (RSOs) who are seasonal (780 hours per fiscal year) employees.

Banner Range RSO Staff

John Lalli – Chief RSO

I started working for Iowa Department of Natural Resources as a Range Officer at Banner Shooting Range in 2002. I am currently a NRA certified Chief Range Safety Officer, NRA Certified Pistol Instructor and a DNR Basic Shotgun Coach. I graduated from the US Army small arms repair school. As a retired US Army Infantry Non-Commissioned Officer, I have extensive experience in small arms use and instruction. I have been reloading custom ammunition for approximately 10 years. My goal is to continue to educate the public in the sporting use of firearms, especially handguns.

Garry Canny - RSO

Gary Canny has worked at the Banner Shooting Range for over six years during which the range was rebuilt several times. The range is now a class operation that gets very positive comments from the users of the range. Gary is an NRA certified range safety officer and is an NRA certified handgun instructor. Spare time activities include fishing and shooting sports.

Tyler Seuferer - RSO

I have worked for the Iowa DNR since December of 2009 at the Banner Shooting Range while also employed for the Warren County Conservation Board in the summers. I'm currently a certified NRA Range Safety Officer and a NRA certified Pistol Instructor. I graduated in 2009 from Upper Iowa University with a Bachelors Degree in Conservation Management. I have hunted for the last 15 years for all animals in Iowa but live for bow hunting. My goals as a DNR employee is to further educate the public on gun safety and procedures and advance the shooting sports in the state of Iowa and to gain full time employment for the Iowa DNR.

Viken Koundakjian – RSO

I have certifications in NRA Range safety officer and Basic Pistol Instructor. Like most of us, I grew up shooting bb guns learning the basics of target shooting and safe handling. As I grew up I got more exposure to the shooting sports with trap shooting and pistol shooting. I currently have a love/hate relationship with sporting clays, which means I love to go out and shoot a round or two of sporting clays, but i hate to see my score card at the end of each round. I am an also avid photographer and motorcyclist.

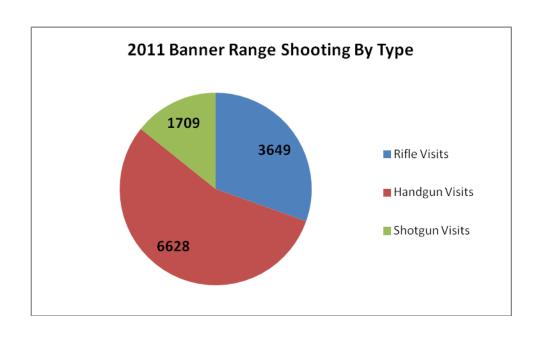

Adam Snook – RSO – photo and bio not available

Banner Range provides introductory shooting classes, leagues and friendly competitions. A full selection of targets, ammunition and shooting accessories are available at the range for purchase.

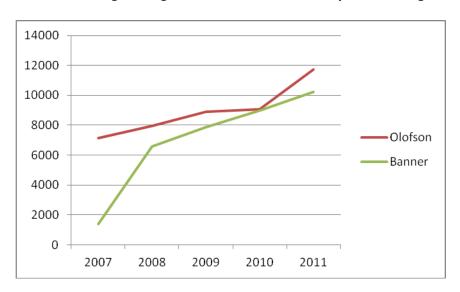

Olofson Shooting Range (Polk City), is owned by the department but operated under concession contract by Michael Warman of Warman Management Company. For more information on Olofson Range go to www.olofsonrange.com

Fully Staffed Range Performance

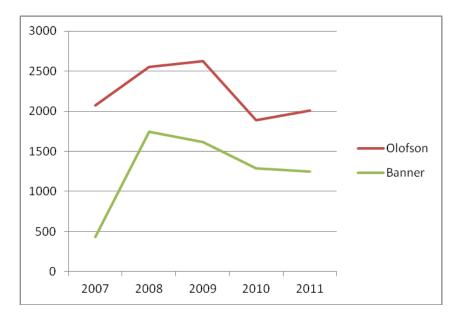

DNR fully staffed ranges have seen exponential growth over the last several years with primary growth areas being in rifle/handgun shooting. Clay target participation has been flat to slightly down at these ranges (rifle and handgun amenities have more capacity at these facilities). In 2011, Banner Range had 5,419 unique registered visitors and 10,770 registered visits.

Rifle and Handgun Range Shooter Hours at DNR Fully Staffed Ranges

Rounds Trap/Skeet/Sporting Clays (Olofson) or Shooter Hours (Banner) at DNR Fully Staffed Ranges

Partially Staffed Ranges

Hawkeye Shooting Range (Swisher), is staffed during weekends and peak hours by seasonal (780 hours/fiscal year) Range Safety Officer, David Giese.

David Giese – RSO

David started working off and on for the DNR at the Hawkeye Wildlife Unit in 2003 to present. When he

started there was no designated shooting facility for the general public to use. David aided in the design and construction of the current Hawkeye area shooting range from its conception to its current state. Some of David's future goals include helping to further the expansion of DNR and scholastic trap shooting into public high schools in Iowa, continue to receive certifications in areas such as shotgun instruction and the continued expansion and use of the Hawkeye area shooting facilities by both the general public and to host events such as hunter education classes. Some of his qualifications include: NRA Range Officer 3 year's experience, Boy Scouts of America Shooting Sports Instructor +15 years experience, Mental Management Systems Seminar for Iowa Youth

Shooting Sports Programs, Hunter Education Instructor 7 year's experience, DNR Basic Shotgun Coach Certification, Head Coach Iowa City West Trap Club, Assistant Coach for the University of Iowa Trap Team

Princeton Shooting Range (Princeton), is staffed during weekends and peak hours by seasonal (780 hours/fiscal year) Range Safety Officer, Wade Webster.

Richard Wade Webster – RSO

I began hunting in the late 1960's in Iowa for pheasant and deer. I have also successfully hunted big game such as mule deer, antelope, elk, bear, mountain lion and caribou in the Western U.S., British

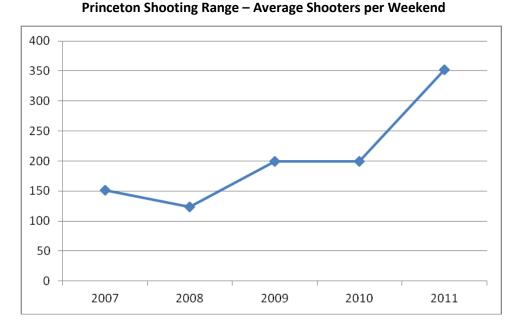

Columbia and Labrador. Education has always been a part of my life, having served on a school Board of Directors for nine years (three three-year terms) with two years spent as president of the Board. After completing Hunter Education Certification I also became certified as a Hunter Education Instructor. I have taught two to four courses a year for the past ten years.

I began working as a Range Officer in July 2007. The National Rifle Association presently certifies me as a Range Safety Officer. With the anticipated change in Iowa's handgun carry laws, I completed a course to carry a handgun in April 2010 and in October 2010 completed an NRA course for a pistol instructor. As a Range Safety Officer I use

information gained as a pistol instructor daily to help shooters safely use their firearms. A goal for the coming year is to become a certified Shotgun Instructor to assist local schools with their scholastic shooting sports.

Partially Staffed Range Performance

Shooting Range Grant Programs

In 2009 and 2010, the department offered the Iowa DNR Clay Target Trap Machine Grant Program. The Iowa DNR Clay Target Trap Machine Grant program promotes growth and expansion of the Iowa High

School and Scholastic Clay Target Program (IAHS/SCTP), a DNR administered, youth development program promoting trap, skeet and sporting clays shooting in grades 12 and under. Public and private schools or shooting facilities/teams in Iowa sponsoring IAHS/SCTP teams may apply. Trap machines must be made available to IAHS/SCTP teams, and IAHS/SCTP teams will have priority over all other users. Grantees agree to maintain teams and the equipment for a period of five (5) years. Grant applications are ranked according to potential project impact, need, past participation in IDNR activities, and other criteria as listed in this application document. Applications are evaluated by a committee, and the committee makes decisions regarding funding.

2011 Grants awarded - \$43,096.35 from Hunter Education Federal Aid Grant

- Mahaska County Izaak Walton League \$8,090
- Dragoon Trail Chapter Izaak Walton League (Polk County) \$3,312
- AVAD Hunt Club (Carroll County) \$3,792.50
- High Lakes Outdoor Alliance (Union County) \$22,350
- Lake Miami Park (Appanoose County) \$3,918
- Dickinson County Izaak Walton League \$1,633.85

2010 Grants awarded - \$25,000 from Hunter Education Federal Aid Grant

- Dragoon Trail Chapter Izaak Walton League (Polk County) \$6,000
- Winnebago County Conservation (Winnebago County) \$6,000
- Dickinson County Izaak Walton League \$5,878.65
- Lake Miami Park (Appanoose County) \$5,570
- AVAD Hunt Club (Carroll County) \$1,551.35

In 2011 the Department and external stakeholders conducted a Kaizen design event to create a new shooting range grant program that would expand the department's ability to fund range equipment (such as clay target trap machines) as well as general construction and improvements at non-state ranges offering public access. Funding would come from Federal Aid dollars (Pittman Robertson) as well as Fish and Game trust fund dollars (DNR license sales). At the time of this report the program is pending approval from the Governor's office.

Impacts and Potential Impacts on Conservation Efforts

Shooting Sports Programs

Estimated Pittman Robertson Funding Generated

• For the Scholastic Clay Target Program (SCTP), there were nearly 600,000 clay targets shot in competition alone. Surveys have shown that teams shoot about twice as many targets in practice for an estimated 1.8 million targets being shot in the 2011 season. 11% Pittman Robertson (PR) excise tax is collected on each shot fired at a clay target. Assuming an average cost of \$0.20/shot, about \$40,000 in PR funding is generated in ammunition alone.

Hunting and Angling Cross Participation

All archers participating in the after school NASP programs are required to register as a team through the department. Registration for those participating simply as part of the in-school unit is not required. All participants in the Iowa High School and Scholastic Clay Target Program are required to register with the department. Through this registration process, we are able to start evaluating cross participation between youth target shooters and license purchases through the department's Electronic Licensing System (ELSI).

NASP Club (NASP participants beyond the 2 week in-school unit)

- Since 2009, 2256 unique individuals have participated in the NASP Club program. Of those individuals, 458 (20%) have customer records in the DNR's Electronic Licensing System.
- Of participants found in ELSI, 43% are the only individual in the household with a license
- 23% purchased their first privilege the same year or in years following their initial Club NASP participation
- 59% purchased a small game hunting license
- 9% purchased their first hunting license same year or in years following their initial Club NASP participation

SCTP

• Since 2007, 2384 unique individuals have participated in the program. Of those individuals, 1290 (54%) have customer records in the DNR's Electronic Licensing System.

- Of participants found in ELSI, 41% are the only individual in the household with a license
- 15% purchased their first privilege the same year or in years following their initial SCTP participation
- 85% purchased a small game hunting license
- 18% purchased their first hunting license same year or in years following their initial SCTP participation

Below are tables that show shooting sports teams who have had at least 50 unique athletes participate in the shooting sports program and license buying figures within those teams. Participants of those teams were also evaluated to see how many DNR customers in ELSI existed at the participants' address. Households with only one customer on record in ELSI may indicate that the shooting sports participant is hunting/fishing as a result of coaching staff mentorship and/or non-hunting/angling households interacting with traditional hunting/angling households indicating recruitment. Additional research (i.e. survey) is required to ascertain the true reasons for single license households.

Based on these data, a "recruitment factor" was calculated showing how effective individual teams are in recruiting ELSI license buyers (in general) and specifically hunting license buyers. The following criteria were calculated as follows:

- 1. Team Recruitment Factor = # Participants in ELSI ÷ # of Team Participants
- 2. License Recruitment Factor = # Participants in ELSI ÷ # of multi-license households on team
- 3. Hunting Recruitment Factor = # Participants with Hunting Licenses ÷ # of multi-license households on team

NASP Teams with 50+ archer-athletes – highlighted fields indicate top 5 ranking in respective category

South Winn Trap Team	51	36	34	28	0.71	1.29	1.21
Davenport West High Falcons	50	27	20	13	0.54	2.08	1.54

Average Number of Shooters Per Team (all teams) 35.6

Average Age of SCTP Shooter Analyzed 17.0 years

Average SCTP Team Recruitment Factor 0.5

Average SCTP License Recruitment Factor 1.8

Average SCTP Hunter Recruitment Factor 1.5

It is worth noting the average ages of participants evaluated. Many participants (especially in NASP) are not old enough to be required to purchase privileges in order to participate in hunting or angling.

Shooting Ranges

Estimated Pittman Robertson Funding Generated

- For Banner, Olofson, Hawkeye and Princeton Shooting Ranges, there were an estimated 850,000 rounds fired at each range. Assuming an average cost of \$0.20/shot, about \$19,000 in PR funding is generated at each range or about \$80,000 in PR funds generated in ammunition alone.
- For the eight DNR non-staffed shooting ranges, shooting volume is estimated around 250,000 rounds fired for 2011. Assuming an average cost of \$0.20/shot, about \$5,500 in PR funding is generated at each range or about \$44,000 in PR funds generated in ammunition alone.

Hunting and Angling Cross Participation

Banner Range

- In 2011, 5,419 unique registered visitors used Banner Shooting Range near Indianola, IA
- Of those users, 31.5% purchased a small game hunting license the same year
- Of those users, 27% purchased a fishing license the same year
